Address

7711 Libretto Lane, Austin, TX 78744

Education

Jamia Millia Islamia, New Delhi
Ph.D Geography (UGC-JRF/SRF)
Completed in 2020

Jamia Millia Islamia, New Delhi
Master of Arts: Geography
Completed in 2013

Kamala Nehru College
University of Delhi, New Delhi
Bachelor of Arts (Honours.): Geography
Completed in 2011

Technical Skills

- SPSS
- STATA
- STATCRAFT
- Python
- Google Earth-engine
- Arc GIS
- QGIS
- Global Mapper
- ERDAS
- Pix4D mapper

Languages

English

Hindi

Bengali

Dr. Susmita Sarkar

Multi-disciplinary researcher with experience of managing projects, mapping and data management skills and have ability to handle them by using various statistical tools and modern techniques of Remote Sensing and GIS.

Experience

September 2024 – September 2025

Centre for People's Forestry, Hyderabad, India

Senior Programme Officer

Key responsibilities:

- Lead and oversee projects in West Bengal, ensuring alignment with organizational goals.
- Build and manage relationships with stakeholders, including government, partners, and local communities.
- Coordinated donor outreach and grant management, maintaining a funding pipeline and tracking deadlines, requirements, and reporting for ongoing grants.
- Designed projects and contributed to grant fundraising, developing work on sustainable livelihoods, natural resource management, community-led forest governance, and climate-resilient agriculture; drafted proposals and assisted with budgets.
- Oversee and coordinate all research activities within the organization.
- Coordinated research, stakeholder consultations, and knowledge-sharing workshops, and represented the organization in multi-stakeholder platforms and policy forums.

February 2022 – April 2023

Legal Initiative for Forest and Environment, Kolkata, India

Associate Analyst

Key responsibilities:

- Conducted research on several environmental issues in India and checking for violations of environmental laws for further advocacy actions.
- Prepared Project Reports and Policy critiques.

Assigned Research Projects:

- Assessment of functioning of Compensatory Afforestation Fund Management and Planning Authority (CAMPA) Act in Jharkhand.
- Tracking of compensatory afforestation under forest clearance proposals of upcoming projects in the Sundergarh-Kendujhar region of Orissa.
- Status of Wetland Conservation in the states of Jharkhand, West Bengal and Orissa.
- Investigation on brick kilns operating in McCluskieganj, Jharkhand.
- Analysis of Eco-Sensitive Zone Notifications in Jharkhand

October 2020 - February 2021

INCLEN Trust International, New Delhi, India

Assistant Research Officer

Key responsibilities:

- Training of field workers for collection of socio-economic data for public health studies
- Preparation and up-dation of Village maps for survey and GIS mapping for final reports.

Other Professional Involvements

- Associated with **Tata Consultancy Services (TCS iON), India (since January 2025)** as a **Subject Matter Expert (Consultancy)**: Providing review and domain expertise in social science and geography.
- Involved as **Project Associate** with **Dronexia Innovations Pvt. Ltd., New Delhi (March 2021 – January 2022)**: Created and processed UAV-based geospatial datasets by maintaining spatial databases and performing comprehensive mapping and digitization.
- Represented **Centre for People's Forestry** as an **Expert** in the compliance and implementation of the Indian Forest Rights Act, and in the field of Tribal Livelihoods at various national educational institutions.

Ph.D. Research experience

Doctoral Dissertation: Vulnerability Mapping of Urban Hazards with a Focus on Seismic Hazards in Delhi

Research involved mapping seismic social vulnerability in Delhi based on analysis derived from satellite imageries, secondary and primary data. The primary survey involved collection of data through field surveys in various parts of Delhi which included data collection on socio-economic aspects, structural aspects of buildings as well as knowledge, perception, and preparedness to deal with emergency situations during an earthquake. The results from the data were drawn using statistical models and seismic vulnerability of the population was mapped through GIS.

Grants and Awards

- Received **UGC NET (JRF-SRF) Research Fellowship** for pursuing doctoral studies
- Awarded **"Best Poster Presentation"** at **International Conference on Remote Sensing and GIS for Applications in Geosciences** for paper titled ***Hazard and risk zone identification in a multi-hazard urban environment*** held at the Department of Geology, Aligarh Muslim University on August 12, 2017.
- Received **Amul Vidya Bhushan Award** (for the academic year 2007-08) for being the school topper in Senior Secondary Level (Class 12).

Additional Training and Certification

- Completed two weeks training on UAV Remote sensing from North-Eastern Space Application Centre (2023)
- Attended Pre-Symposium Tutorial on Hyper-Spectral Remote Sensing and Its Applications, at ISRS-ISG Symposium at Indian Society of Remote Sensing, December 5-6, 2016.
- One-week training (2013) from Regional Remote Sensing Centre, Indian Space Research Organization Kolkata in Remote Sensing and GIS.
- Ministry of Human Resource Development-GIAN workshop on 'Quantitative Approaches in the Social Sciences: Survey, Experiment and Content Analysis' (2017).
- Attended one-week research methodology workshop (2017) on 'Geography and Environment with SPSS Training', in Jamia Millia Islamia, New Delhi.
- Ministry of Human Resource Development-GIAN workshop on 'Global Cities Sustainability and Management of the Urban Ecosystem' (2016)
- Attended Research methodology workshops conducted by UGC and ICSSR.
- Completed Certificate Courses in STATA, STATCRAFT, and Python.
